

DECISIVE TOOLS FOR COACHING

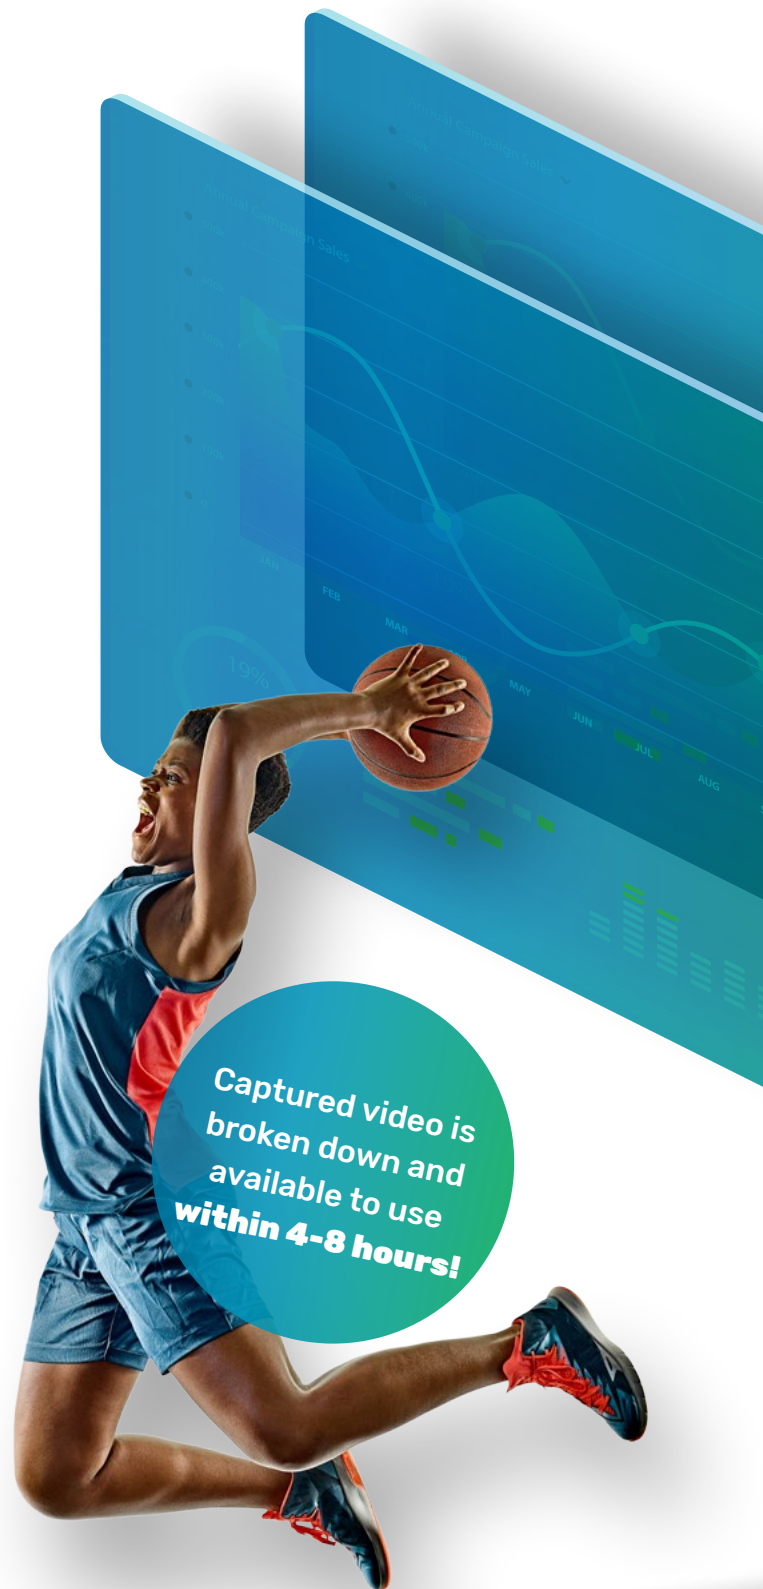

VidSwap is a sports analysis and a video-sharing solution designed specifically to serve sports organizations, coaches, leagues and teams. VidSwap breaks down games and pre-tags all the action to save coaches time, while enabling them to improve team performance, and teach more effectively.

Detailed Game and Player Analysis

VidSwap enables coaches to go deep with their team and player analysis, evaluate performance and learn what they need to improve in order to win. Review team and individual stats, heatmaps, and other helpful data.

Fast and Intuitive Video Breakdown

Search for specific highlights, situations, or players using a wide range of searchable options. VidSwap tags all your games and video clips, and supports manually-created tags. In addition, VidSwap serves as a video sharing application for coaches, enabling them to easily send annotated clips, insights and highlights to players and staff as well as scout opponents to devise counter strategies.
